Dear Delegate,

The aim of this CME is to expose physicians in post graduate training programs to the field of Haematology. We anticipate that participants of this CME will have a better understanding of both laboratory and clinical aspects of Haematology at the end of this program. We also hope that by attending these CME physicians in training will be sensitized to the opportunities of Haematology as a career both in the laboratory and in the clinic.

The CME is designed to include didactic lectures on important topics followed by a tour and demonstration in the laboratories. There will be time to discuss all aspects of Haematology with experts in the field. There will also be an opportunity to discuss the potential for training for this specialty and the career prospects in this country. The participant should come well prepared to derive maximum benefit and interact with peers and teachers. Towards this some summary slides of the planned talks and education material is available on the web site, selected participants are strongly encouraged to study this prior to attending the CME

This course is aimed for postgraduate students in their final year of medicine, paediatrics and pathology training. The program will be accredited with credit points by the Tamil Nadu Dr. M.G.R. Medical University, Chennai, and with credit hours by the Tamil Nadu Medical Council (TNMC).

We request you to confirm your participation at the earliest. This brochure and registration form can also be downloaded from the [www.pgcmehematology.net](http://www.pgcmehematology.net)

Yours sincerely,

**Dr. Vikram Mathews MD. DM. FASc.**

Organizing Secretary,

PGCME 2026,

Professor of Haematology,

Christian Medical College Vellore,

Ranipet Campus,

Kilminnal, Ranipet-632 517

The Department of **Haematology** and Department of **Transfusion Medicine & Immunohaematology**, Christian Medical College Vellore are organizing the 21<sup>st</sup> Continuing Medical Education (CME) in Haematology for Post Graduates from **29<sup>th</sup> to 31<sup>st</sup> July, 2026**.

### Who is it aimed at?

The aim of this program is to provide post graduate students with an overview of the scope of diagnostic and therapeutic haematology in India. This CME is aimed at:

- PG students in Medicine / Paediatrics / Pathology / Transfusion Medicine

(Preference will be given for the final year post graduates).

### How will this benefit?

- For Post graduates it will provide current information on approach to the diagnosis and treatment of common Haematological disorders.
- For Junior consultants will provide an understanding of commonly used algorithms towards the diagnosis and management of different Haematological conditions which will be relevant to their practice.
- For all those attending, it will raise the possibility of considering Haematology as a career option.

### Topics to be covered

#### Anemia

- Approach to a patient with anemia
- Common anemias
- Nutritional
- Hemolytic
- Associated with chronic disease
- Marrow failure

#### Malignancy

- Approach to a patient with a haematological malignancy
- Treatment of common haematological malignancies

#### Transfusion Medicine

- A overview of transfusion medicine
- Blood components – Preparation and Use
- Complications of transfusion therapy

#### Thrombotic Disorders

- Approach to thrombosis
- Management of deep vein thrombosis
- Pulmonary embolism
- Anticoagulation

#### Laboratories

- Cell Counters
- Automated Coagulometers
- Blood Bank (Automated) Grouping
- Cross matching
- Molecular Genetics
- Cytogenetics
- Flow Cytometry

#### Hemorrhagic Disorders

- Approach to a patient with bleeding disorder
- Role of the laboratory in bleeding disorders
- Screening Tests
- Confirmatory Tests
- Platelet disorders
- Coagulation disorders

#### Other Topics

- Management of neutropenia
- Stem Cell Transplantation

**Please note : We can only accomodate 250 candidates**

## GUIDELINES

### REGISTRATION

Registration to be done through the online  
Please log on to <http://www.pgcmehematology.net>  
Link: "Registration"

### IMPORTANT DETAILS

Event : 21<sup>st</sup> PGCME 2026  
Date : 29<sup>th</sup> to 31<sup>st</sup> July 2026  
Registration Fee: **Rs.5000/-** (Inclusive of GST)  
Venue : Conference Hall, 7<sup>th</sup> Floor, A Block,  
Ranipet Campus, CMC Vellore

**Last Date for Registration: 30th June 2026**

 **9894658689**
